

Choosing a Stonemason

An *Application for Monumental Work* is required by the cemetery for approval prior to building or renovating any monument. This document must be signed by the living holder of the Interment Right and also co-signed by the monumental mason.

This list provides all Monumental Masons who are registered and authorised to construct or renovate monuments within Rookwood General Cemetery's grounds.

Helpful information:

- Ensure that your stonemason explains all building codes and cemetery policies regarding standards for monumental construction.
- You may be offered a discount in exchange for paying cash. We strongly recommend against this. If you pay cash for a discount, there is no record of the payment and it is very hard to make a claim if something goes wrong. Make sure you are provided with receipts for all monies paid.
- A cheaper price does not necessarily mean a saving – ask questions to ensure that the work and materials meet your expectations.
- Make sure that all documentation is on the correct company letterhead and are signed by a legal representative of that company (quote, contract, warranty, receipts).
- Ensure you have read and understand the contract associated with any quotes you accept.
- Ensure that monumental mason provided you with a written guarantee or warranty period. Make certain you have these terms in writing prior to signing a contract.

Authorised Stonemasons

The following stonemasons are authorised to undertake works within Rookwood General Cemetery as of June 2023.

Company	Phone
Asianaust Stone Industries	9791 6886
